WARNING SIGNS

Ever have the feeling that you are not exactly getting
your message across?

Do you feel misunderstood or ignored at work or at home?

Are you sick and tired of explaining the obvious to your
dim colleagues or your clueless relatives?

Warning Signs is here to help.

This complete set of personal symbols is all you need to
tell them what is really on your mind.

Just cut these signs out of the book and post them above
the desk, in the cubicle, on the door, or anywhere you need
to get your message out in no uncertain terms.
